

This very tough, high-quality textile sheath is particularly suitable for the hydraulic and pneumatic sectors. It can be used to bundle multiple hoses or protect a single hose. Thanks to the toughness of the material used, it has optimum resistance to mechanical stress and is compatible with oils and organic products.

- Highly durable
- MSHA certified #1C-281
- Resistant to most solvents, oils, acids and alkalis
- Protect people and equipment from bursting hoses
- Customized lengths possible on request

Material: Woven Textile Sheath

Standard Colour: Black

Working Temperatures from -40°F to +158°F

Part #	Sleeve ID (IN)	Sleeve Width (IN)	Weight lbs.	Feet Per Roll
HS-20	0.8	1.3	6.2	330
HS-25	1	1.6	7.9	330
HS-30	1.2	1.9	9.5	330
